Every pitch will be followed by a 7-minute Q&A from the expert jury. Added to this will be four plenary discussion sessions where thought leaders and investors will share their views on latest trends, developments and market opportunities in the mobile and mobility services industry. EMMINVEST coaching track wrap-up will also be held during the MOBIP event. The focus will be on facilitating communication between investors and high-growth potential startups, exploiting the prospect of business-to-business cooperation and improving access to large mobile corporations, venture capitalists and industry players as sources of partnering and funding.
